

Custom Temperature Calibration Baths

Can't find a standard calibration bath that meets your needs?

We can build a custom bath to fit your unique requirements

Customize:

- **Dimensions:** taller, wider, deeper, different shape
- **Temperature range:** hotter, colder, more focused
- **Speed:** faster heat and cool rates

And much more... just ask us.

Fluke Calibration temperature baths provide an optimal temperature environment with unsurpassed stability and uniformity. Our baths are used around the globe in industries such as aerospace, defense, oceanography, energy, sensor and semiconductor manufacturing.

If our standard size bath models don't match your needs, we can build a high quality, reliable custom bath that meets your specific requirements.
