

# CoolBoxus™

*Insulated Dry Ice Shipping Boxes.  
Protect your products everywhere in  
the cold chain.*

## Vacuum Insulation Panel (VIP) for Cold Chain Management

CoolBoxus solutions ensure that your Cold Chain is complete from end to end. One of the most difficult Cold Chain breaches to fix occur at the warehouse. By using our reusable CoolBoxus solution, you can protect your products everywhere in the Cold Chain.

CoolBoxus helps our partners and customers resolve temperature-related problems and improve Cold Chain operations using our VIP technology. The VIP material used within the walls of our boxes are 10 times more efficient than traditional insulation, helping you maximize space and minimize weight and size. This allows you to achieve a more stable temperature range compared to active cooling solutions which turns on and off at threshold temperatures.

### Features of VIP Boxes

- Can be used for both active and passive temperature control.
- Reusable boxes means more cost effective
- Reduces requirement for refrigeration including dry-ice
- Maintain temperature stability compared to active refrigeration

-  Multi-Use
-  Pharmaceutical
-  Shipping
-  Dry Ice
-  Easy to Use

## EASY USE INSTRUCTIONS

### 01 Blood Product Transports

to Hospitals require reliable effective temperature controls

### 02 For Ad Hoc Delivery

Unscheduled, on-demand delivery using Coolboxus allows for hospital to hospital transport using regular vehicles. Providing the flexibility to deliver life-saving blood products quickly.

### 03 Driver Efficiency

Improving driver efficiency is a road to innovation. Coolboxus simplifies both!

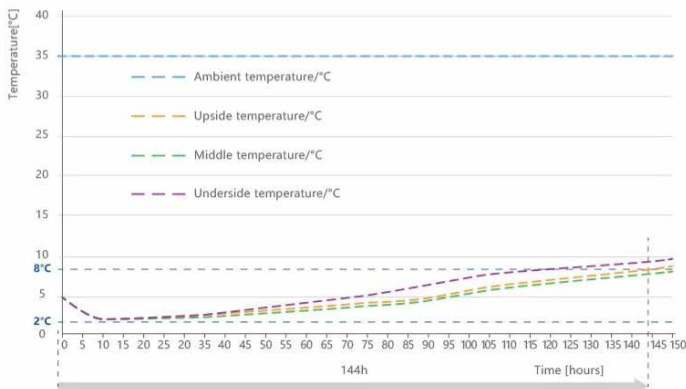

### 04 Reduce Fuel Costs

Choice of vehicle delivery type may dramatically impact fuel costs. Studies suggest fuel consumption savings by up to 50%

### 05 Improve Reefer Conditions

Using less energy for maintaining reefer temperatures decreases strain/malfunctions and increases profitability per vehicles.

## TESTING DATA

## SPECIFICATIONS: CoolBoxus SKU #8112

Model	Capacity liters	Dimensions		Weight lbs
		Internal (in.)	External (in.)	
Large	28L	15.4 x 10.8 x 10.8	18.0 x 13.5 x 13.5	8.8
Medium	21L	10.8 x 10.8 x 10.8	13.5 x 13.5 x 13.5	7.7
Small	15L	10.8 x 7.9 x 10.8	13.5 x 10.5 x 13.5	6.4
Mini	7L	10.8 x 6.3 x 6.3	13.5 x 9.0 x 9.0	4.2

Collapsible for  
easy storage
